

Crossover Voting in Texas Primaries

2008 – 2024

Compiled by Ryan Data & Research

Republican Primaries by Previous Election History

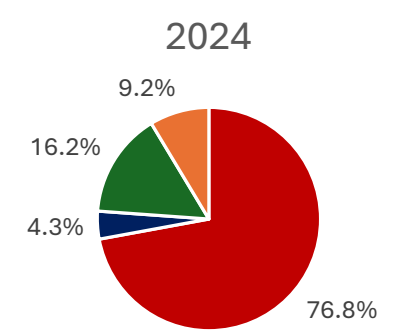

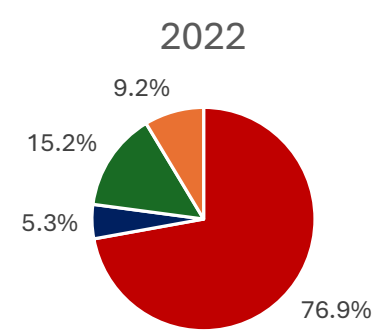

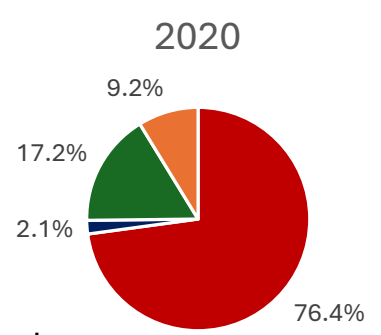

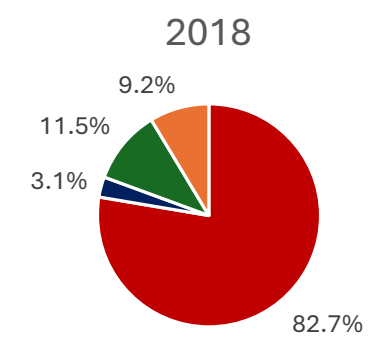

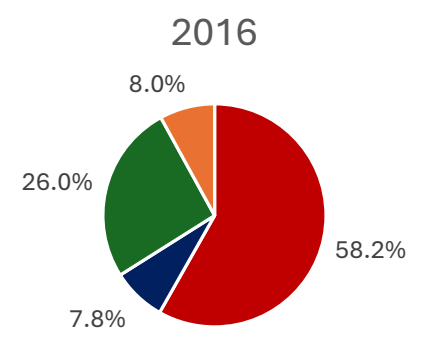

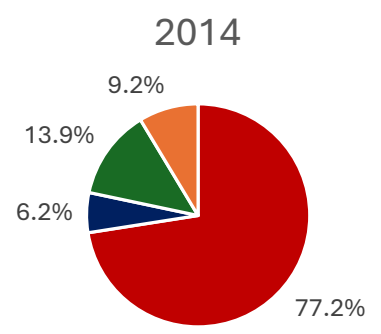

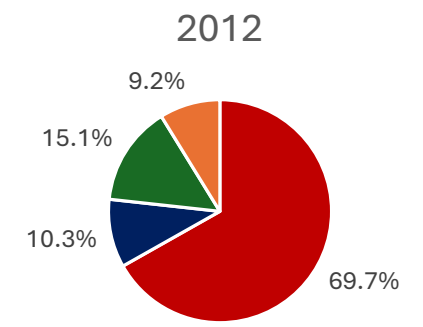

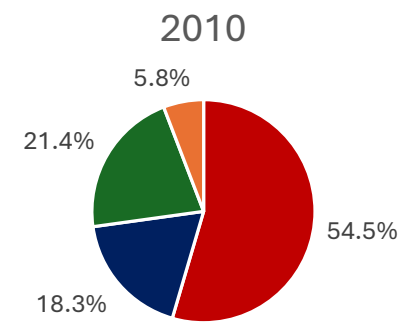

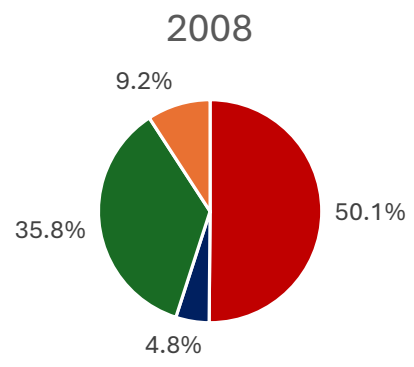

Each graph indicates who voted in that year's primary election based on all voters' previous primary and general election history in the four previous election cycles leading up to that election.

Most Recent R: Voters who had most recently voted in a Republican Primary.

Most Recent D: Voters who had most recently voted in a Democratic Primary.

Gen Only: Voters who had no primary history (R or D) but had previously voted in a November election.

No History: Voters who had no previous primary (R or D) or general election history.

Republican Primary History
